**Subject:** rBGH and GE foods  
  
**Sensitivity:** Personal

I am a California citizen writing a letter in support of labeling Genetically Engineered foods. I for one fear GE foods as they have not been examined and tested enough and the potential for health problems is large. Also I feel that GE foods can have devastating environmental effects and would like to be able to exercise my right not to buy them.  
Thank you,  
Sean Dockery
